

# iStudio Can Make **REAL** Presentation Videos Anywhere.

**No Presentation recorded  
from a Class, Hotel, and Seminars..**

**We are living in a world where No live  
Presentation is recorded...!!**

**Now iStudio can show you how !**

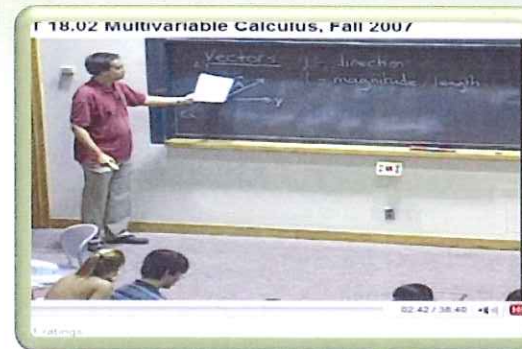

# How P.Videos Have Been Made so far?

None of them are real-time, and not even compatible with Live lectures

## 01. E-learning video

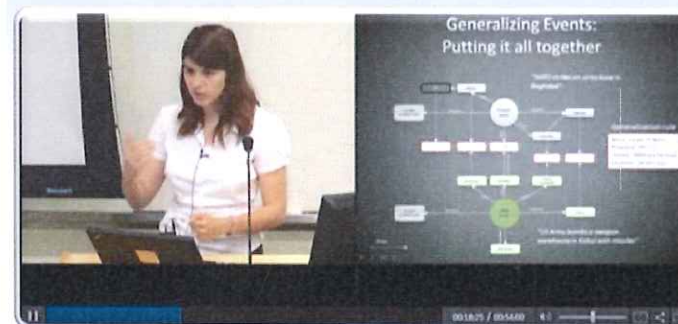

## 02. EDU video at YouTube

## 03. Switcher / Mixer video

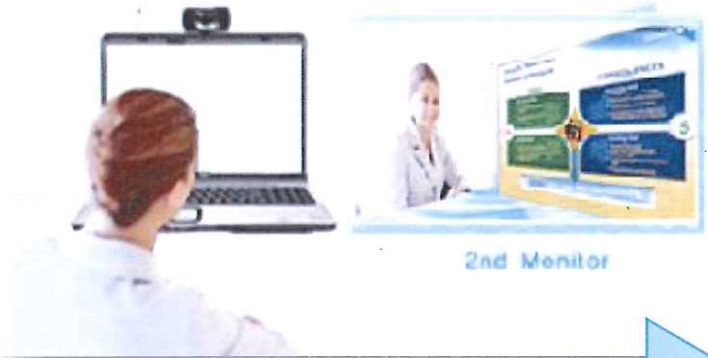

## 04. MS Web Presentation

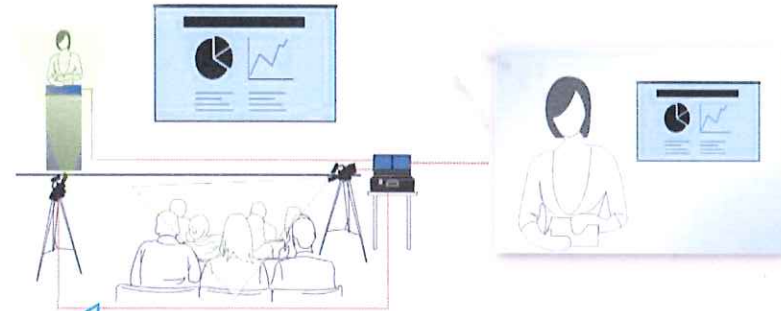

# What iStudio Presentation videos look like?

## ◆ Personal Studio

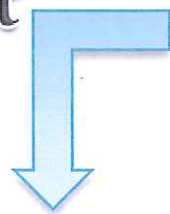

## ◆ Classroom Studio

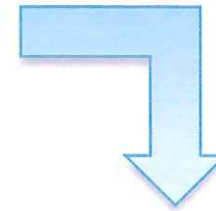

# iStudio Provides customizable and unlimited Virtual Studios for FREE.

Real – Cost limited

Virtual - Free unlimited

# iStudio Provides a different way from Typical Presentation Recordings

Recording  
as a Presenter Or a Student

# Innovations of iStudio

**Presentations made and recorded by iStudio become better than Real Live lectures.**

**First**

**A professional Studio can be created in a Minute by a Presenter**

**Virtual Presentation Studios**

**Second**

**Video Recordings using Tracking Camera actions from One real Camera**

**Virtual Multiple-Angle Scenes**

**Third**

**Scenes are controlled by a presenter only with a mouse, without operators**

**A Presenter change scenes in Real-time**

# How to make iStudio videos?

- A title about content

1

Make  
Your Own  
Presentation  
Studio in a  
Minute.

Studio Creation

2

Adjust  
Your Own  
Scenes and  
Camera Tracks.

Set Scenes

3

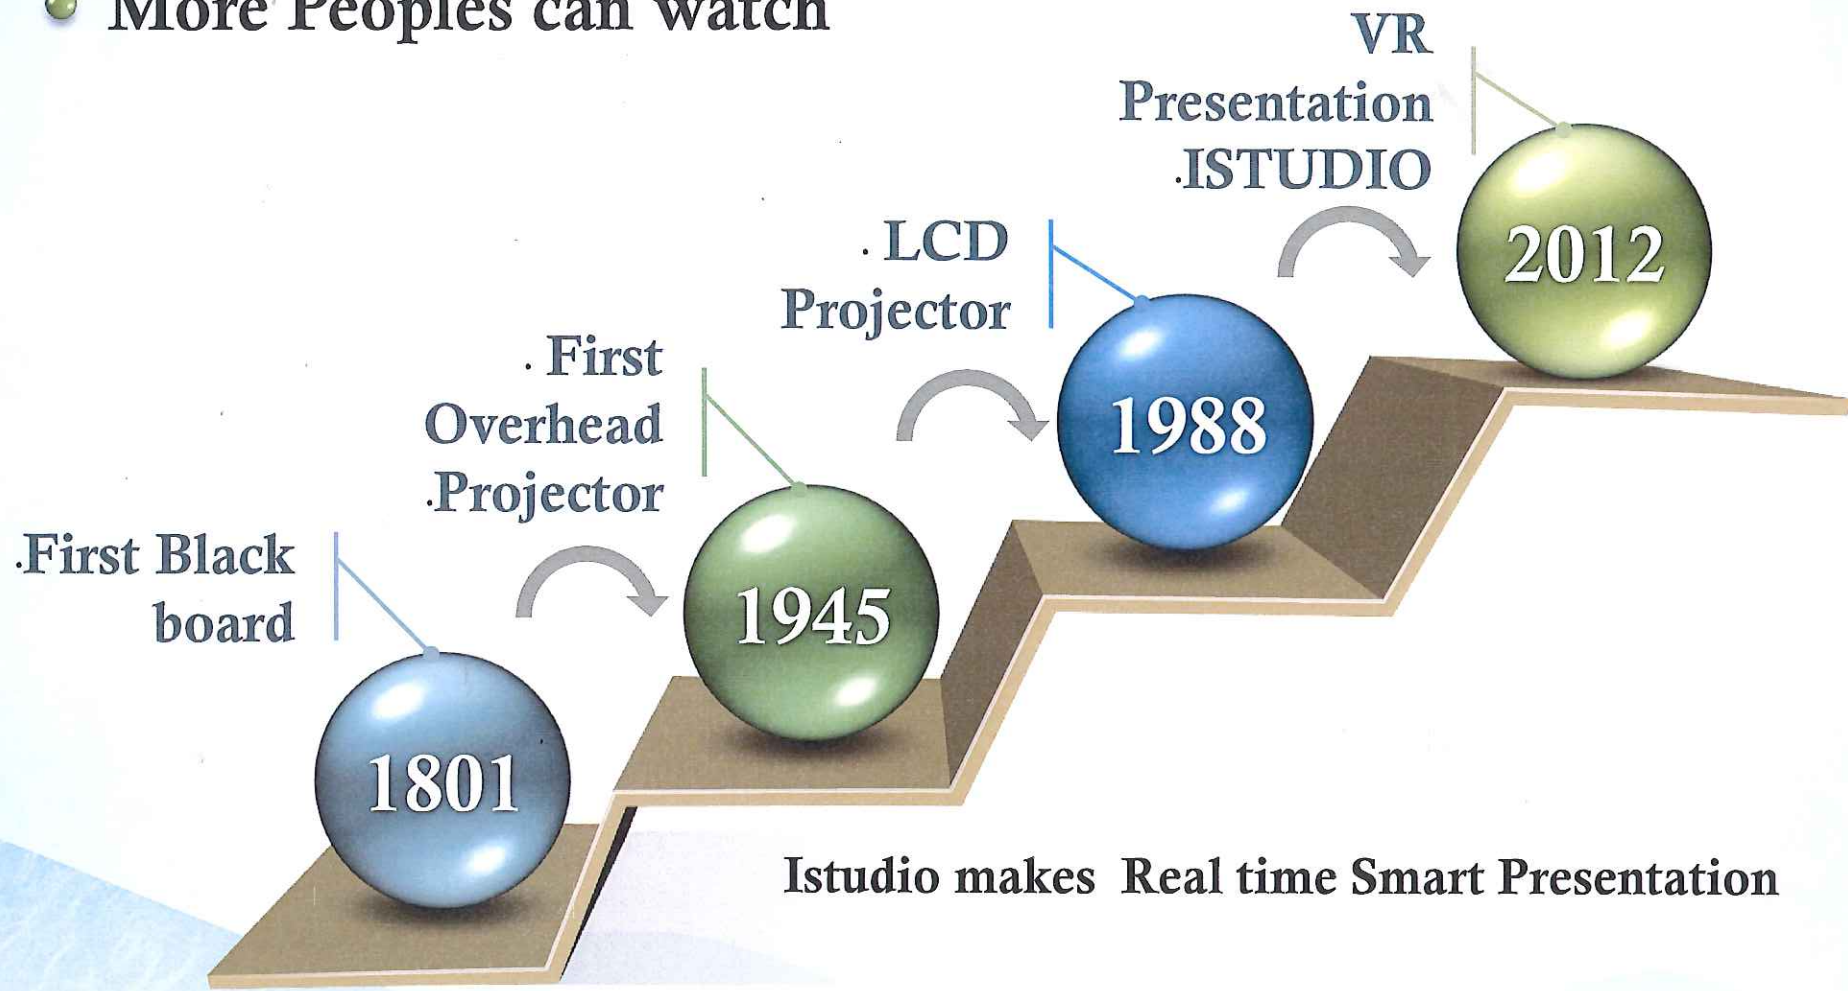

Start  
Presentation with  
istudio with  
Mouse only

Live Presentation  
& Recording

# A Classroom is getting bigger!

- More Peoples can watch

# Why iStudio videos make it better

Why Istudio Videos are different from others.

Make simultaneous virtual EYE contacts

- Multiple Camera actions from Single Real Camera

Nice Looking video like in real Broadcasting Studios

# Thank You!

iStudio is a new VR Presentation System.  
You can make presentation videos in real-time,  
Also even can be better than Live presentation!
